(move to the weather at the location at noon June 1, 2013 and describe)

cloudy
hard
humid
watery
rainy
partly sunny
not as busy as before
drizzly
more difficult to see
feels warm
not many bios
raining
(raining)
sporadic
intermittently
hard
steadsily
steadily
rumbling sounds
humid and hot here
smells like squalid living
all over
riding it out
all around me
rain
overcast
terribly hot

(move to the conditions at this location if the people here prepare for the weather in response to the predictions of the viewers and describe)

crowded
cornered
huddled together
safe
(sketch A p3)
(1) bio
adult
sitting
watching
near other bios
watching
waiting
sheltered
sitting beside a mm
tanned
low to the ground
relaxed
anxious
concerned
this isn't happening

work
survival
competition
surprised
DETOX
surprised m
competition t
survival t
work t
this isn't happening t
concerned t

person
waiting

slowed down
not many bios here

(2) mm
structure
flimsy
brown
on the ground

dwelling

dark inside
hollow

one storey
smells like bios live aroundhere
strength

in front of me

structure
shelter

fewer people here than there usually would be
some emptiness here but not completely

(move to how people should prepare in response to the viewers' predictions and describe)

scatter
go about life as normal
don't force open
get protection
strengthen

hope for the best

provision
gather
(gather)
pull together
secure
obtain
put into a shelter
cover up

it won't be as bad as they think

hoard

furtively

work together

some typical day to day routines continue as normal but not as many

BR: 12:25

RE: 12:26

(move to why there aren't as many bios here as usual and describe)

move

forced out

coup

gone for good

unaware of conditions

forced

pushed out of the way

ES: 12:42

SUMMARY

The target is the weather June 1, 2013

cloudy

partly sunny

bright

raining

intermittently

hard

humidity is approx. 95%

temperature is approx. 105 F

(move to the conditions at this location if the people here prepare for the weather in response to the predictions of the viewers and describe)

some typical day to day routines continue as normal but not as many

not as busy here as it usually is

not as many bios here as usual

they've moved

forced out

coup

gone for good

unaware of conditions

pushed out of the way

(move to how people should prepare in response to the viewers' predictions and describe)

consider necessities for survival

gather food

pull together
secure
put into a shelter
cover up
work together
it won't be as bad as they think

Other things I found at the target are:

(sketch A p3)

(1) bio

adult
sitting
watching
near other bios
sheltered
sitting beside a mm
tanned
low to the ground
anxious

work
survival
competition
waiting

huddled together

(Note: anxiety seems related to day-to-day living)

(2) mm

structure
brown
on the ground
dark inside
hollow
one storey
smells like bios live around here
shelter
