A1: forward
loop up
back
down
forward
smooth

B1: space

A2: forward
inclined
curve
down

flatter
gritty
B2: water

A3: straight
 forward
 rough
 B3: land

sc: I should create ideograms
 for hot, cold, yes, no, pass

P2 (space)

up
 swinging
 dark
 wide
 cold
 breezy
 sunlight
 swinging upward
 green
 echoing

P2 (water)

brackish
 brown
 algae-ish
 clear
 dark
 "deep"

sc at the edge of pond

sc okay, in parenthesis means relatively. Not really deep but the deepest part. Edge is very shallow.

pond-like

sailing

toy-like

entertaining

sc a place people like to come.
like a Sunday park.

rippled

windy

coolish

P2 (land)

brown

green

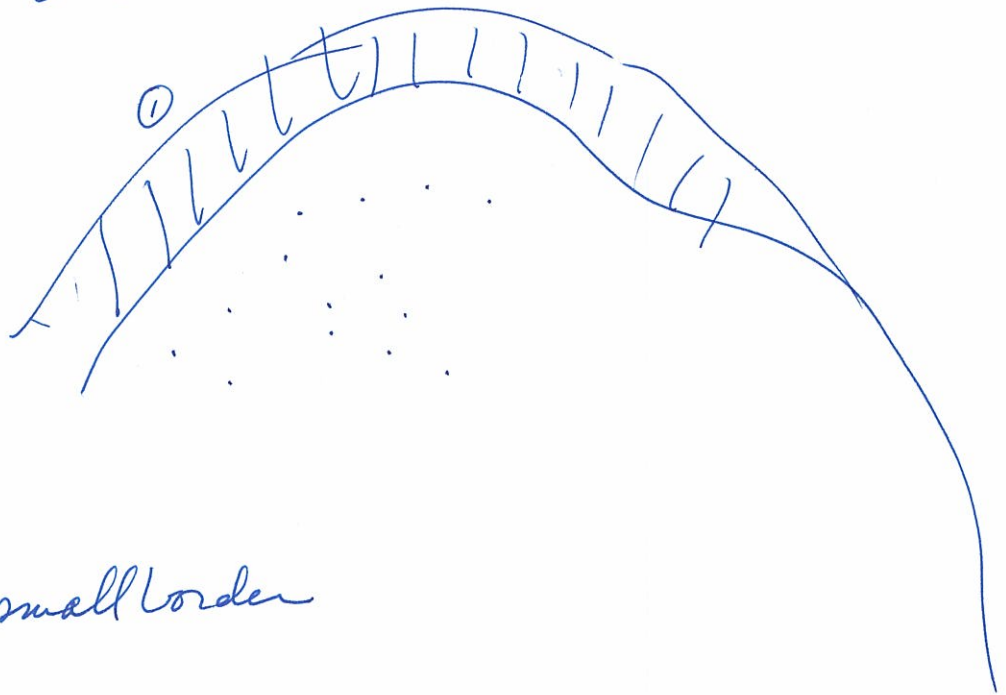

sc weather cooler than expected

sc group of noisy people just sat down beside me here at the hotel.

friendly
 drier than expected
 flowery

sc Paris park

child-like laughing

① walkway or small border

② boggy
 shallow water
 receded

~~Sa~~

Summary

The target has elements of:

space

water

land

The space has aspects of:

wide

open

cold

breezy

The water has aspects of:

shallow

receded

green

algae-like

brackish

deep

at center

relative to edges

rippling

The land has aspects of:

green

brown

dry

flowers
~~look~~
brown edges

walkway
border
curved
patterned

Other things I found:

daylight

not full sun

place for relaxation

not many people here

cooler than expected

drier than expected

this was a fun place.

End session 11:18
