

Target 24

Target name: The Vehicle Assembly Building at Launch Complex 39, Kennedy Space Center, Merritt Island, Florida

Target latitude and longitude: 28.586112, -80.650941

Target elevation: 0 meters

Target time: 1 June 2013, 12 noon target local time, following the timeline in which by the end of 2009 leaders of the mainstream global scientific establishment publicly recognize (1) the reality of the remote-viewing phenomenon, and (2) the existence of life not originating from Earth.

Reference Photo: This photo was not taken at target time.
