

Advanced SRV® Target Directional

Conscious Mind Instructions: Print out this Advanced SRV session template. Fill out this page completely. This page will be page 1 of your session. Put this directional page in front of the rest of your session when you are done. Choose your own target coordinates and enter them in the space provided.

Subspace Mind Instructions: Your perception of this target corresponds only with the explicit contents of the target definition for this session as given to the viewer for closing this session. Perceive the target only as it exists as defined by the closed system of the viewer closing this session.

Target coordinates: 6284 3660

Session Number: 1

Experiment Number: 12 (December)

bright blue sky

D:

E:

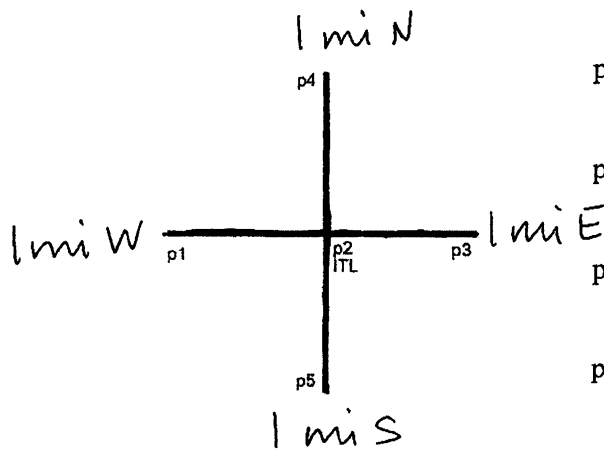

m4: mountainous area, small structures at base, no urban area close, wildlife, quiet, well-prepared

m3: smooth air, cold, sunny, slightly breezy, different elevations all around, smooth surface

m2: crisp, cool, cold air, white, green, in great condition, W-pristine, W-glisten

m1: firm, frozen, cold, ground level

F:

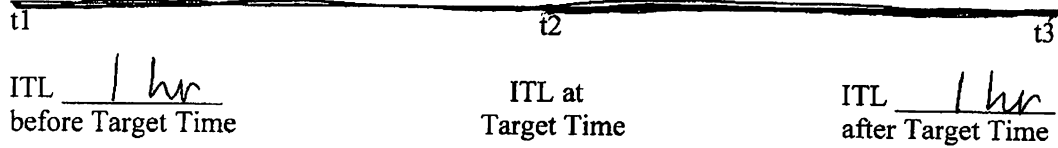

p1: trees, dense trees, sloped, steep, side of a mountain

p2: rugged area, smooth surface, surface is covered, very cold

p3: flatter area, structures, people, artificial lights

p4: lower elevation, no trees, sloped, quiet, very isolated

p5: lower elevation, base, people, compacted ground, small area for people & structures, maintained, cleared out

G:

- t1: Quiet, waiting, some people around, talking, interacting, walking, movement, almost as if they're holding their breath or not wanting to talk too much
- t2: prepared, active, silent inside, as if mountain/surface is on its best behavior, prepped, ready to go, glazed, on display, bated breath
- t3: people, satisfaction, noisy people in a good way, not an undisciplined crowd, still in good condition, expectations were met, main activity is still in full swing

Central Target

6284

3660

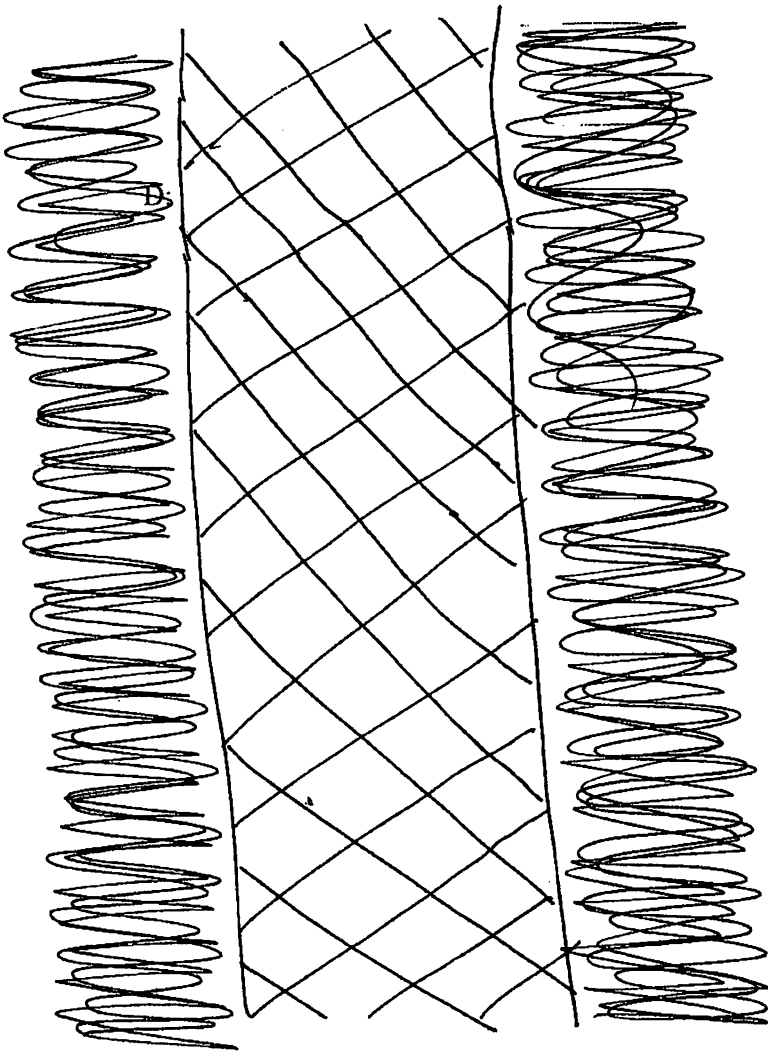

IL: Structure

A:

- 1. hard D-framework
- 2. manmade
- 3. static
- 4. complex

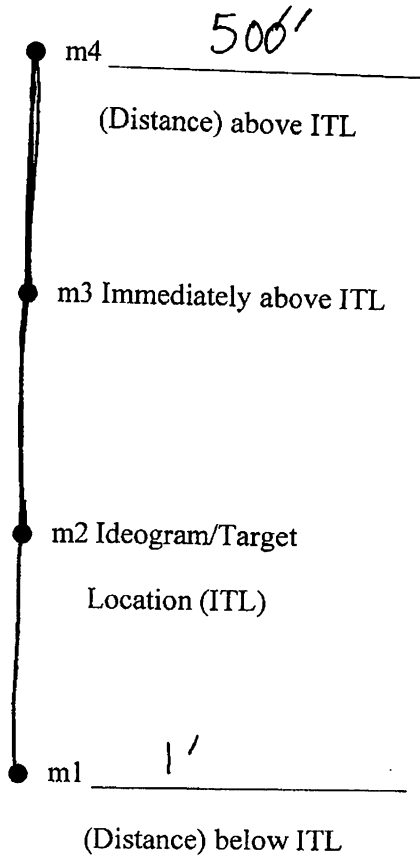

B: Structure

- C: constructed
- manmade
- wooden feel
- rough
- not solid
- pieced together
- lattice look to it
- tall
- not made to last a long time
- low lighting
- low contrasts
- cool
- outside
- exposed
- stationary

Central Target

E:

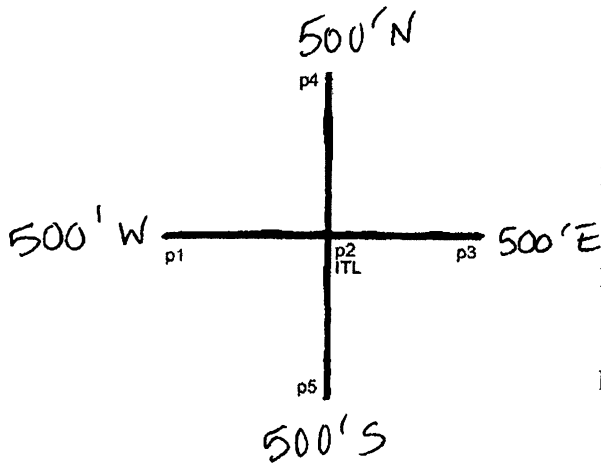

m4: in the middle of a constructed area [D-Rawhide in Arizona] lots of structures, flat ground, made up, fake

m3: tall, steep, crowded, people, more structures, like a structure w/ a structure, elevated, cold, dark, dim

m2: tall, pieced together, manmade, large, rough, brown, lots of openings

m1: dusty, dirty, ground, temporary [D-carnival/ state fair]

F:

p1: structures, vehicles, on the edge, periphery, outdoors, not important

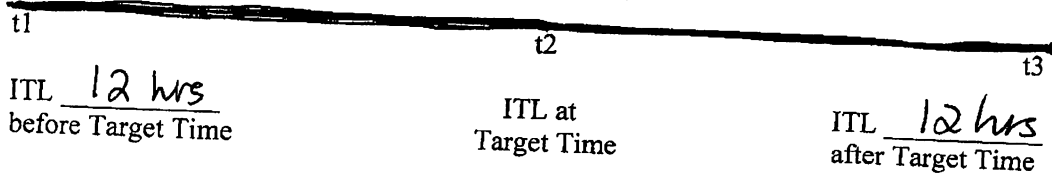

p2: tall structure, sturdy, not built to last a long time, temporary

p3: indoors, inside structure, dim lighting, w-fierce, low to ground

p4: lower structures, outside, cramped, cold, people, animals, busy area

p5: beyond a perimeter, fence-like area, flat, cold, covered ground, barren

Central Target

G:

- t1: dark, quiet, night, silent, creaking sounds, stillness, resting, preparations
- t2: inside, at base of large manmade structure, feels temporary, vibrations, lots of people, people are high above - on the structure, muffled sounds at the base of structure
(D - Tower of Babel)
- t3: "Sigh!", structure has been used, tall, well-constructed, worn out, lots of people interacted w/ structure, unused time

PHASE 2

SOUNDS: laughter, talking, roaring, rumbling

TEMPERATURES: cold, freezing

VISUALS:

COLORS - reds, yellows, blues, greens - colorful

LUMINOSITY - brightly lit

CONTRASTS - high contrasts

TASTES: food, cold

SMELLS: cold, crisp air, wood smells

DIMENSIONAL MAGNITUDES:

VERTICALS - tall, sloped

HORIZONTALS - tight, cramped, enclosed

DIAGONALS - slanted areas

TOPOLOGY - curved areas

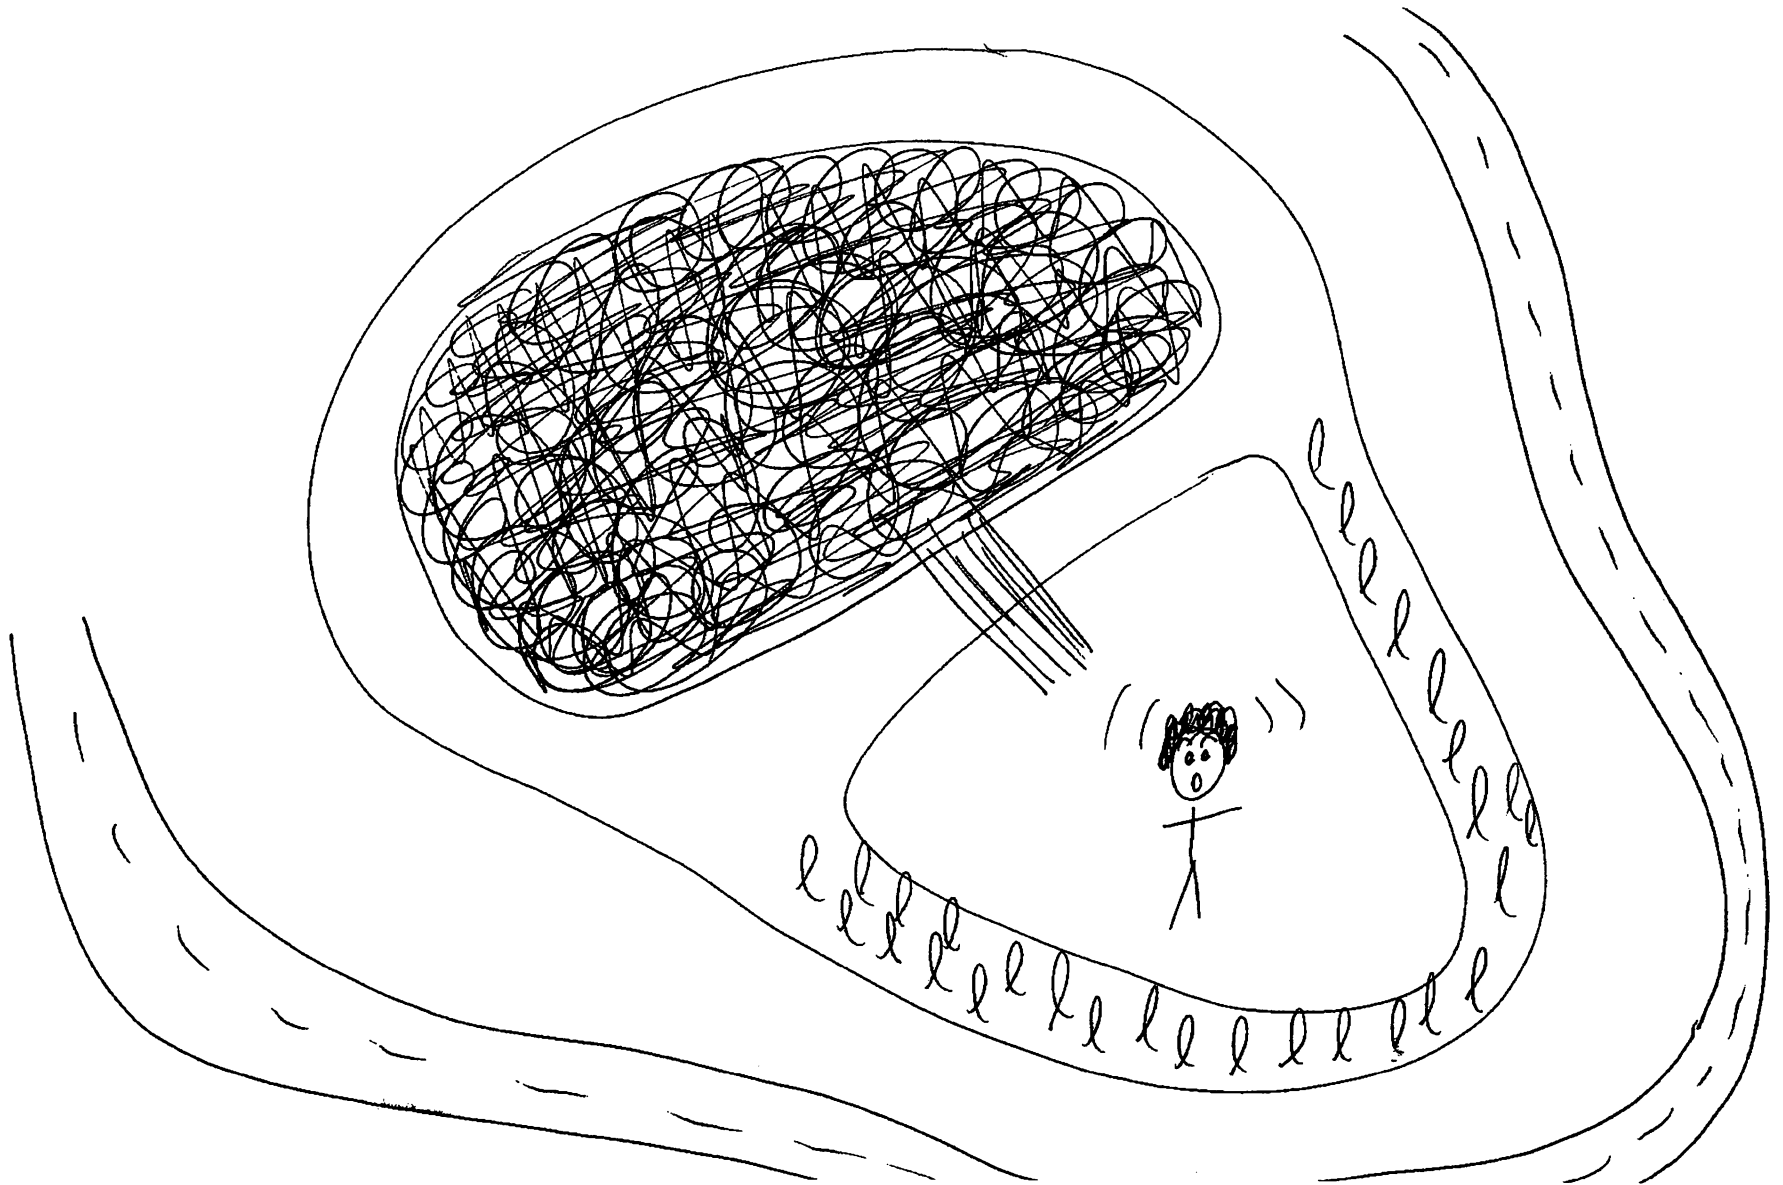

MASS, DENSITY, SPACE, VOLUME - huge, solid, massive

ENERGETICS - pulsing, pulsating, vibrant

VF - expectant

PHASE 3 FLASH SKETCH

from above

INTERIM SUMMARY

This felt like a huge public event with a lot of eager, busy, involved, talkative people. There seemed to be a crowd of people almost like passive observers and then a select few people who the crowd's attention was on.

It felt like it was mostly outside in a cold, mountainous, snowy climate. The people and structures around this area are not spread out at all - they're closely packed together or are condensed.

END - 4¹⁰ pm PST
