

I had 4 MAIN impressions AND VISUAL captures during this session.

1. A fracture or energy event involving LAND gestalt.
2. HUMANS observing either the event OR THE AFTERMATH. I sensed a slippage in time - either I as a viewer bounced forward or backward - or humans at target were able to do this.
3. LIFE (HUMAN) AT complex control pod.
4. LIFE (HUMAN) integrated with a machine.

1. LAND GESALT / ENERGY EVENT

I SAW LAND THAT IS SHEARED OFF... jagged, steep, as result of some violent energy. It does NOT FEEL LIKE EARTHQUAKE, BUT SOME OTHER TRAUMATIC POWERFUL FORCE.

I SEEMED TO PERCEIVE IMPACT ENERGY, BUT IT WAS FROZEN - LIKE A BLAST OF ENERGY IN STOP MOTION FRACTURED LAND. GREAT MILES-LONG FURROWS & GULCHES

MORE LAND GESTALT

LAND FEATURES THAT LOOK LIKE GREAT FURROWS

SEEN FROM HIGH ALTITUDE

Get A sense LIKE
"What made these long parallel
mound features?" Some mystery.
LIKE those tubes we saw on MARS
what are those? This has
A SIMILAR LOOK AND Feel.

STRUCTURE WITH LIFE (HUMAN?)
OBSERVING, TAKING READINGS ASSEMBLING DATA
LIKE SCIENTISTS

OBSERVATION

EITHER THE EVENT HAPPENED IN THE PAST
OR OBSERVERS WERE (ARE) ABLE TO POSITION THEMSELVES
IN TIME TO SEE/MEASURE THE EFFECT.

my sense of FUTURE/PRESENT/PAST IS
CONFUSED.

(LAND gestalt
CATASTROPHE)

ENERGY

A SAW A PERSON (MAN) SITTING AT HIGH BACK SWIVEL CHAIR - REACH OVER AND ADJUST some control panel. THIS seemed very High tech like controls of a nuclear plant or some sophisticated high tech control pod.

HE IS VERY FOCUSED, intent, OBSERVING INCOMING DATA, PUNCHING BUTTONS IT seems more LIKE physical switches than TOUCH SCREENS, BUT I'm NOT sure.

There is AN underlying hum of machinery LIKE A power plant IN ANOTHER location IN the structure.

PERSON seems more scientific than MILITARY BUT with lots of responsibility. THIS IS Highly trained.

THIS MAY HAVE STARTED AS A TEST OR experiment - BUT the subject became part of A super consciousness by neural pathways connecting to a computer AND MACHINE.

I DON'T KNOW IF THIS IS FUTURE HUMAN TECHNOLOGY OR ALIEN technology.

VERY COMPLEX CONTROLS/COMMANDS BASED ON IMPULSES FROM NERVES IN FINGERTIPS

YOU CAN CONTROL SOMETHING WITH FINGERTIPS. THE SLIGHTEST FINGER IMPULSE OR MOVEMENT IS SENSED AND TRANSFORMED INSTANTLY INTO A COMMAND THAT CAN MOVE A MACHINE. (LIKE FLY A UFO??)

LIKE A COURT REPORTER OR PIANO PLAYER CAN TAP 2 OR 3 FINGERS AND IT FORMS A WORD OR MUSICAL TRIAD. THIS FINGER IMPULSE BECOME INSTANTANEOUS MECHANICAL COMMANDS LIKE SUPER FIGHTER PILOT (BUT I DON'T SEE WAR OR MILITARY APPLICATION)
